

AdiIRC - Feature #2983

Channels list needs a "stop/pause" button

09/14/2016 02:13 PM - Florian K

Status:	Closed	Start date:	09/14/2016
Priority:	Normal	Due date:

Category:	Interface	Estimated time:	0.00 hour
Target version:	2.7		
Operative System:	All		

Description

When listing all channels or a larger network like FreeNode grabbing all channels takes a while and the window is basically unusable during that time since the list constantly updates and jumps around. A button to pause/stop scanning for channels (similar to how HexChat does it irc) would help.

History

#1 - 09/15/2016 02:13 AM - Per Amundsen

- Status changed from New to Assigned
- Priority changed from Low to Normal
- Target version set to 2.6
- Operative System changed from Windows 7 to All

I am working on a faster datagrid, main reason why it takes so long, but I will look into some kind of buffering to allow pause as well.

#2 - 01/26/2017 06:59 AM - Per Amundsen

- Status changed from Assigned to Resolved
- Target version changed from 2.6 to 2.7

Should be faster in next beta and not lock up the UI, pause shouldn't be necessary.

#3 - 01/26/2017 06:59 AM - Per Amundsen

- Status changed from Resolved to Closed
