

AdiIRC - Bug #3036

Notices from memoserv

10/15/2016 05:11 AM - Daniel Kempton

Status:	Rejected	Start date:	10/15/2016
Priority:	Normal	Due date:	
Assignee:	Per Amundsen	% Done:	0%
Category:	Interface	Estimated time:	0.00 hour
Target version:	2.7	Regression:	No
Operative System:	All		
Description			
I discovered that I was not getting the services notices from memoserv that I had a new memo. It does not even show up in the raw log. However if I log off, and log back on with a different client I get the alert.			

History

#1 - 10/20/2016 09:30 AM - Per Amundsen

As far as I know, memoserv is a server feature and just sends regular NOTICE messages to the client, don't think any special action is needed by the client.

You can try type something like /msg MemoServ LIST.

#2 - 01/29/2017 12:29 PM - Mr. BS

- Target version changed from 2.6 to 2.7

#3 - 06/25/2017 01:26 PM - Per Amundsen

- Category set to Interface

- Status changed from New to Rejected

- Assignee set to Per Amundsen
