Description			
Hello,			
It would be nice and good to add an "Check" button that when someone click on the button it will checking for brackets issues (like CTRL+H now) as the mIRC has, in some cases this button is useful.			
Image Example: c7qKKt			

History

#1 - 02/12/2017 10:38 PM - Per Amundsen

- Status changed from New to Rejected

There is a "Check brackets" menu under Misc, and there is the CTRL + H shortcut itself, I think that is good enough.

#2 - 02/13/2017 01:52 AM - Per Amundsen

- File menu.png added

- Status changed from Rejected to Resolved

Since this comes up now and again, I added this menu item to the right instead.

#3 - 02/13/2017 01:52 AM - Per Amundsen

- Status changed from Resolved to Closed
