

AdiIRC - Bug #3382

Nicklist 'Sort by prefix' doesn't sort in correct order when there's +y mode

03/07/2017 01:31 AM - vBm .

Status:	Closed	Start date:	03/07/2017
Priority:	Normal	Due date:	
Assignee:	Per Amundsen	% Done:	0%
Category:	Interface	Estimated time:	0.00 hour
Target version:	2.8	Regression:	No
Operative System:	All		

Description

One of the server's i frequently roam is using InspIRCd and has these prefixes set **PREFIX=(yqaohv)!~&@%+**

When you have channel where one of the IRCop's is present you see him with ! in front of his nick (chan mode +y).
Sort by prefix doesn't sort as it should imho being that we first see **+q**, then **+a** and only then we see **+y** users.
+y trumps both **+q** and **+a**, yet it's displayed after.
