

AdiIRC - Bug #3548

AWAY: Automatically set back when typing not working

07/07/2017 05:32 PM - R S

Status:	Rejected	Start date:	07/07/2017
Priority:	Normal	Due date:	
Assignee:	Per Amundsen	% Done:	0%
Category:	Interface	Estimated time:	0.00 hour
Target version:	2.9	Regression:	No
Operative System:	Windows 7		

Description

Options->Away->Automatically set back when typing

When this is checked, you still have to type text into a channel and hit enter for you to come BACK. Just typing as this option indicates is not working.

History

#1 - 07/07/2017 06:28 PM - Per Amundsen

- Status changed from New to Rejected

The text is misleading, it means when typing **messages** to the server, I'll change the text to be more clear.
