Description

Hello,

There is an bug, when i use an item (text,box,listbox) with an specific id and i place the same id number into an menuitem id then it doesn't return an duplicate error as it should, it effecting if specified the same id number in MENU or in MENU ITEM field too.

Example Code:

```
dialog test_61 {
  title "test dialog 61"
  size -1 -1 50 50
  option dbu
  text "test message duplicated id", 1, 15 15 30 20, center
  menu "Menu", 1
  item "Restart", 1, 1
  item break, 506
  item "Exit", 2, 1
}

dialog test_62 {
  title "test dialog 62"
  size -1 -1 50 50
  option dbu
  text "test message duplicated id", 1, 15 15 30 20, center
  menu "Menu", 10
  item "Restart", 1, 10
  item break, 506
  item "Exit", 2, 10
}
```

- Thanks!
