Description

Hello,

I noticed that when you try to hide your own message from your self to not display by using the '.' prefix in commands , it doesn't working.

Examples:

```
/.msg #test message  
/.describe #test message  
/.notice #test message
```

- Thanks

History

#1 - 01/01/2020 01:13 AM - westor (GR)

Same for /.amsg /.ame

#2 - 01/01/2020 01:13 AM - Per Amundsen

- Status changed from New to Invalid

AS mentioned on IRC; make sure echo-message is disabled in Options -> Server.

#3 - 01/01/2020 01:15 AM - westor (GR)

I tried both , enabled and disabled , the result was the same!
