

## AdiIRC - /user - # 1

*Added in 1.9.7*

**/user <nick|address> [info]**

Allows you to set or remove the info appended to a user list entry.

### Parameters

<nick|address> - Nick or address to modify.

[info] - Information text to set/remove.

### Example

```
; Updates information text for 'Nick' to 'Some text here'  
/user Nick Some text here
```
