

## AdiIRC - Mdi - # 2

*Added in 1.9.6*

### **/mdi -actv**

Allows you to arrange/cascade/tile windows in the [MDI area](#).

### **Switches**

- a - Arrange windows.
- c - Cascade windows.
- t - Tile windows horizontal.
- v - Tile windows vertical.

### **Example**

```
; Cascade windows  
/mdi -c
```
