

## AdiIRC - Nicklist - # 10

*Added in 1.9.3*

**/nicklist [-bN|-dflor] [#channel]**

Shows/hides or sets the side to show the Nicklist.

*If no [#channel] is specified, current active channel is used,*

### Switches

- bN - Hides Nicklist buttons if N is 0, shows Nicklist buttons if N is 1.
- f - Reset default Nicklist settings to the original defaults.
- d - Reset Nicklist on the specified channel to default settings.
- l - Show Nicklist on the specified channel in left side.
- r - Show Nicklist on the specified channel in right side.
- o - Hide Nicklist on the specified channel.
- s - Used with -l -r -o so set that as default for all Nicklist's.

### Parameters

[#channel] - Channel to modify Nicklist.

### Example

```
; Shows the Nicklist on '#channel' on left side.  
/nicklist -l #channel
```

```
; Reset the Nicklist on '#channel' to use the default Nicklist settings.  
/nicklist -d #channel
```

```
; Change the default for all Nicklist's to show on left side.  
/nicklist -ls
```

```
; Reset the default Nicklist settings to the original defaults.  
/nicklist -f
```
