

AdiIRC - Tab - # 5

Added in 1.5

/tab [-fbpnm] [[network] [#channel|nick]|N]

Activates the matching window or the window number counting from the top.

Switches

- f - Activates the next window in Switchbar order.
- b - Activates the previous window in Switchbar order.
- n - Activates the next window in recent history order.
- p - Activates the previous window in recent order.
- m - Includes minimized windows.

Parameters

[network] - [\\$network](#) to match.

[#channel|nick] - Channel or nick to match.

[N] - The Nth position.

Example

```
; Activate #channel window on $network NordicIRC.  
/tab NordicIRC #channel
```

```
; Activate the 5th window.  
/tab 5
```
