

Tray Icon Options

Always show in tray

If enabled, tray icon is always visible.

Hide window in taskbar

If enabled, AdiIRC icon is always hidden from the taskbar

Use single click to restore

If enabled, you only need to click the tray icon once to restore/minimize AdiIRC, else you have to doubleclick.

Send to tray on minimize

If enabled, AdiIRC will minimize to tray instead of to the taskbar.

Send to tray when pressing X (close button)

If enabled, AdiIRC will minimize to tray instead of closing, when the close button is clicked.
